ABOUT US

United Nations Workforce Sdn. Bhd. (UNW) is a professionally established manpower solutions company dedicated to connecting global talent with Malaysia's dynamic workforce demands. Since its inception in 2024, UNW has built a reputation for excellence, integrity, and operational reliability within the manpower and recruitment industry.

We specialize in the sourcing, assessment, deployment, and management of foreign workers across key economic sectors, including F&B, manufacturing, construction, logistics, hospitality, and domestic helper services. Through a structured and compliant recruitment process, we ensure every worker meets the standards required by Malaysian regulatory bodies as well as employer expectations.

UNW operates with a deep commitment to ethical recruitment, transparent processes, and long-term workforce sustainability. By leveraging international networks across India, Nepal, Sri Lanka, Bangladesh, Vietnam, Cambodia, and Indonesia, we deliver manpower solutions that are both scalable and high-quality.

VISION

To be Malaysia's most trusted and globally recognized manpower solutions provider, delivering sustainable workforce excellence with integrity and innovation.

MISSION

- Deliver ethical, transparent, and compliant recruitment solutions.
- Strengthen Malaysia's workforce through reliable global talent networks.
- Ensure high-quality worker selection, documentation, and deployment standards
- Foster long-term partnerships with employers across all key industries.
- Promote worker welfare, professionalism, and workforce sustainability.

CORE VALUES

INTEGRITY

We uphold transparent, ethical and responsible recruitment in every process.

PROFESSIONALISM

We maintain high standards in communication, documentation and service delivery.

COMPLIANCE

All operations follow Malaysian immigration, labour and JTKSM requirements.

QUALITY

We deliver well-screened, medically fit and job-ready workers.

RELIABILITY

We support employers with consistent, timely and dependable manpower solutions.
